Duane Spencer
Branch Chief Fluid Minerals

Attachments: Stipulation (2)

EXHIBIT UFO-LN-08

Lease Number: <LEASE_NUMBER>

LEASE NOTICE

The lease area is known to contain unexploded ordnance. The Colorado National Guard and Army Reserve used the lease area as a practice area for military training in the past. Periodic surface searches for ordnance may not have located and removed all of the ordnance. Prior to any new activity on the lease area, a survey for surface and subsurface unexploded ordnance is required to avoid impacts to health and safety. Lessees must contact the Uncompahgre Field Office prior to any surface activities associated with this lease. The lessee will be required coordinate with the Colorado National Guard, Army Reserve and the Colorado Department of Public Health and Environment to conduct additional surveys to ensure that there is no unexploded ordnance present on the proposed disturbance sites and appropriate actions are taken to be sure the sites are safe for use. BLM may recommend modifications to exploration and development proposals to avoid impacts to health and safety. The lease holder agrees to indemnify the United States against any liability arising from the lease holder's and its agents activities on the lease area.

On the lands described below:

EXHIBIT LS-17

Lease Number: <LEASE_NUMBER>

LEASE NOTICE

The Colorado Division of Wildlife owns surface estate within this parcel boundary. They will be included early in general field evaluations and planning activities for petroleum developments within this parcel. This cooperative effort will result in the development and approval of a Surface Use Agreement with the Colorado Division of Wildlife that will identify the necessary permits, schedule, and mitigation activities required for commencing development operations.
